Terms of Sale

All sales are cash on day of sale.

Buyer Discount

Haul your bulls home on sale day and receive a \$200/head discount. We would be glad to take your bulls home and feed them if you prefer. All bulls taken home are at the buyers risk for injury or death and we strongly suggest that you have insurance on your purchases. Insurance will be available sale day. No discounts on heifers.

Conditions of Sale

All animals will be sold in accordance with the suggested guidelines of the American Simmental Association and are available by request.

Semen Interest

Bell Family Simmentals will be retaining a 1/3 semen interest in all bulls. Full possession and salvage value belong to the Buyer unless otherwise stated.

Bata bulls will sell 100% interest with the rights to 100 straws of semen at our expense.

Announcements

Announcements on sale day take precedence over printed material.

Trucking

Free delivery within North Dakota, SD, MN, Eastern MT and for Canadian buyers the nearest port of entry. We will fertility test all bulls prior to delivery and guarantee them as breeders. Delivery will begin April 1. All other locations trucking will be the responsibility of the buyer. Heifer buyers please make arrangements to haul heifers to your ranch soon after the sale.

Risk

All animals are at the purchaser's risk as soon as they are sold. Insurance will be available sale day.

Pick of the 2022 Bata Brothers Heifer Calves

In over 40 years we have never before offered an opportunity like this! Our best females have always been retained to maintain the high quality and consistency you have come to expect from BBS. The heifer pen is stacked with pedigrees of performance and cattle that just work. With roughly 70 to choose from, nothing is held back. The hardest part will be picking just one. Several ET daughters by our best donors like BBS Z7 and BBS D608 sired by exclusive bulls like R+ Uppercut, SVS Brooks and Skors Blackjack. All are homo polled and reds non-diluted. This pick could be the start of a new donor cow family at your ranch! Pick to be chosen by April 1, 2023. Reserving a right to one flush of the selected female at our expense. Heifers are located at Kuss's A&L Ranch, 1095 55th Ave SE, Woodworth ND. Please contact Mark Bata for more information on the heifers.

BBS Bases Loaded D608

Homo polled, Homo black. Genetic Enhanced EPD's; parent verified. Our Donor D608 is the dam of BBS Batman F4, selling to Kunkle Simmentals, New Salem, ND for \$31,000. Her milk Epd of 49.5 is top of the breed and can be noted in her 2022 natural calf weaning at 915#. Batman was her first calf weaning at 956#. Her dam Z7 has a 46.2 milk Epd and at 10 years old weaned our top bull last year at 1105#, selling to Chris Fetting, Tappen ND for \$10,000. If you want a pedigree to add pounds, check out the D608 flush that sells as lots 3-9 and Lot 10 by R+ Uppercut. K146 is the natural calf of D608, weaning at 915# to rank 1/81 index 123. Yes, and only an April 7 born, the youngest in the sale. His tremendous Epds rank top 1% weaning weight, 1% yearling weight, 3% ADG, 1% milk, 1% MWW, 2% CW, and 4% REA. If you use Simmental in your cross program, these are your numbers. Ranked #2 Adj. YW behind his ET brother, #1 WDA and #11 ADG. If you need frame, he's the biggest in the pen. Used on mature cows, calving isn't a problem. Remember CE is for Angus heifers! We raise bulls that add value in the fall!! Just came back from the bull pen and can't pick a favorite. These are 8 peas in a pod! – Joe

Homo polled, Homo black. ET. Genomic Enhanced EPds; parent verified. The start of a great flush of bulls to choose from, as all in the flush were bull calves. This spring these bulls were such standouts. If the question was "who's he?" The answer- D608xBlackjack! Blackjack is adding growth, perfect feet, and thick, medium framed cattle. When he came off the truck, I have never been more impressed at his size, freedom of movement, and attitude. K25 has 6 EPds in the top 15% of the breed. Ranked #1 Adj. YW, #1 ADG, and #8 WDA in the pen. Purebred breeders note these flush brother's consistency. Many breeder prospects in this flush. His actual weaning weight was 900# on 11-04-22.

Homo polled, Homo black. ET. Genetic Enhanced EPD's; parent verified. This boy knew how to flex his muscles as he weighed in at 1000#. Good Simmental recip. cow, yet he carries the gene to grow. Ranked #3 adj. YW, #7 ADG and #3 WDA. Great scrotals in this flush, very important. The only full sister to these bulls was D608's natural heifer calf last year. She's a big-time standout in the bred heifer pen as she was 9/54 at weaning and 1/49 to ratio 124 at yearling. Thought he might be my pick, then another came by and another. This whole flush is great!

Homo polled, Hetero black. ET. Genetic Enhanced EPD's; parent verified. Note he is hetero black, as Blackjack carries the red gene and there is a red son in the sale for your red cattle. We loved everything about Blackjack and knew we had to own him. Even with the red gene. In his 2nd calf crop, we know it was no mistake. K24 weighed off the cow at 905# and is #2 for ADG. He has 5 EPds in the top 5% for growth and milk.

Homo polled, Hetero black. ET. Genetic Enhanced EPD's; parent verified. He has a birthmark around his ear, gives him some character. By genetic enhanced EPds, the Epd numbers are DNA tested to the individual bull, and therefore each ET bull in this flush has his own numbers. The one constant in these full brothers, is the high milk Epd. Start building a cow herd off these bulls. Buying ET brothers will give you a more uniform calf crop. Look at the potential of such uniform genetics. Seeing is believing.

Lot 6

Lot 7 BBS MILBANK K34

Homo polled, Homo black. ET. Genetic Enhanced EPD's; parent verified. All the testing is done, so purebred breeders can buy any in this flush as all the paper work is done. If you've read my footnotes this far, thanks. Thought it would be tough writing notes on a large flush, but one with this great cow family and sired by such a great sire in Blackjack, it was an easy task. Blackjack will be the foundation of our herd in years to come. No stud bulls can match him and seeing him at 4 years old, you would love him! New pic. this winter, on the ref. sire page. Oh! K36 weaned at 845# off his recip. cow and matches the rest!

Homo polled, Homo black. ET. A great flush bull form D608. We were able to buy a few exclusive units of Uppercut semen that sold into the USA. R+ Uppercut 6103D looks exactly like Blackjack, and has great growth Epds, weaning 96.3 top 5%, yearling 151 top 4%, and ADG .34 top 5%. In the R+ dispersion this fall there were a lot of Uppercut's that easily rose to the top of the sale. 2 full sisters to this bull are available in the Lot 1 heifer pick. They are definitely standouts. More great cattle by D608. Buy the cow family behind these cattle.

Homo polled, Homo black. Blaze Face. The fancy blaze face outcross breeders are looking for. Low birth weight and great performance. We purchased his dam as a high selling bred from Spring Creek Simmentals female sale. The dam of 148H is a full sister to our herd bull Springcreek Grand Slam. He needs no introduction if you follow our program. I had to own her. Double Bar D Radar was very popular in Brian McCarthy's dispersion this fall. K1 has the look and if we were in the show game, he would lead off our group. Retaining the right to 100 units of semen on K1.

Homo polled. Homo black. ET. His mother is a high performance Riddler daughter that we really like and decided to flush. With a modest birth weight, he weaned 830# off his Simmental mother. Stacking Riddler and Uppercut gives you added performance in the pedigree. You can breed performance and have the gene to grow or play with the numbers and get false Epsds.

Homo polled, Homo black. F835's natural calf. We used Favor on some top Riddler daughters to add some style and outcross pedigree. Boy, did it work in these next 2 bulls. Look at the body length of this bull! Awesome performance Epsds as K33 is the top 2% weaning, 1% yearling, and 2% gain. His mother has Epsds: 101.3 weaning, 161.3 yearling and .37 gain. Going back to the U214 cow that was one of our absolute favorite cows. Her full sister U216 gave us the Z7 donor. I love following pedigrees. F835 has been flushed a few times and has a beauty of an R+ Uppercut in the heifer pen.

 BBS RINGMAN B40

Homo Polled, Dard red, Non-dilutor. Heck of a bull here. Top of the reds and 2nd for weaning weight to ratio 122 and rank 2/81. Top red as #5 Adj. YW and #2 WDA behind Lot 2. His Epd ranks are: weaning 1%, yearling 1%, ADG 2%, milk 2%, MWW 1%, CW 3%, and REA 10%. The growth numbers plus milk numbers make for a great herd bull prospect. The grand dam of K90 is a full sister to BBS Load m' Up at McMillen Ranch, Sask, Canada. He has gone on to great things for them, Lee loves the daughters. They go back to our great flush cow BBS Ringman B40. A B40 X SVS Brooks heifer has a 802 adj. weaning wt to ratio 117 and rank 2/63. She is offered in the Lot 1 pick.

Lot 30

Lot 30 BBS HOWARD K17

Homo polled. Homo black. This bigger framed bull has outstanding performance, at 5-1/2 months he weighed 760# and by 11 months age, he crossed the scale at 1400#. Too young for last year's sale, so we kept back these high growth bulls for this year. These bulls were at the top of the pen last year. They have never been offered for sale. Cory Atkinson, Rugby ND is using a full brother. All the extra age bulls are virgin and were semen tested Nov 8, 2022 and that scrotal is listed. We will keep them until April 1 if desired. We have kept back a small group of the same quality of young bulls for next year's sale too. 12-29-22 wt. 1925.

Lot 60

Welcome to our annual production sale. Some quick family highlights: Lane is now a Senior at North Dakota State University and will have degree in education; Kodi is a junior and Cale is a 6th grader both in Park River. Our highlights this past year were NOT the blizzards or floods in April and May, but in June we attended the National Junior Simmental show in Madison, Wisconsin and definitely got educated. We also took some days to attend the North Dakota State Fair as a family to enjoy some showing and visiting with new and old friends. Quality family time is always precious so remember, cowboys, take time for family any chance you can get, I promise you the hay will still be there when you get back.

We are very pleased with the offering of this year's bulls given the challenges of 2022 from a drought to severe blizzards and floods; it's truly a testament to what we as ranchers go through to keep thriving in the industry we desire and are passionate about.

2-year-olds bulls will all be Trich tested and are NOT virgin Bulls. They were used on heifers or on our commercial cows. They will be guaranteed as non-carriers of any transferable diseases. We added some percentage reds in the sale this year and hope buyer's will be as pleased as I am on the quality. We strive to add performance and quality every year as some new flavors of genetics to our repeat customers. Also selling this year will be the 50 Commercial F-1 Baldies that are nothing but fancy; more info will be found on back cover and sale week.

We are always pleased to meet our customers - new or old - so please stop by the ranch or at the sale and we'd love to visit about your operation and how we can assist you in your future cattle business.

Embryos of Red MRLA Respect X KWA MS Mountain 238G

1/2 SM 1/2 AR. Homo polled. We had the request to add some red presence bulls in the sale this year. We feel that there will be no disappointment in these Embryo Bulls. Buy 1 or buy all 5 they will be game changers to your herd. Red MRLA Respect sold for \$140,000 in 2020 and is extremely deep ribbed, big butted and wide topped. These SimAngus Bulls are a cross with a Red Mountain Daughter we purchased from KWA Ashworth Farm and Ranch in 2019. Calving Ease and Herd Bull Material.

 DOUBLE BAR D LENA 446B JF AMERICAN PRIDE 0987X
 DOUBLE BAR D LENA 16X

PB SM. Homo Polled. Dam goes back to a cow we purchased from Brian Bouchard in 2021 whose docility is to be admired. Weaning early at 719lbs on September 27th his WDA is still in line with the rest of the line-up of bulls. Pairing a Double Bar D Lena X MRL Medicine Man has produced an eye looker with great potential. If you're looking for added frame and length this fella will do it. Sound footed and smooth design will keep you looking back to this sire group.

Lot 91

Embryo of Captain Morgan X MRL Miss 9483G

PB SM. Homo Polled. Miss MRL 9483G was purchased in 2020 from MRL's in their Female Herd Builders Sale. Lucky, as we call her, goes back to powerful cow family of 55W. Backed with COBRA 47Y on sire crossed with Captain Morgan who will add length and growth back into your calves. Here's a chance to buy 4 full brothers with great genetics

Bell Simmental's Baldy Heifers Lot 104

Spring of 2022 we decided to start purchasing top quality F-1 Replacement females. Our goal is to establish a commercial female designed to work for the cattle industry and be profitable.

Crossing them with Simmental/SimAngus™ bulls to maximize heterosis and profit to the ranchers.

This year we are offering 50 top notch F-1 Baldy – one ranch owned. These heifers are Bred to Bell Simmentals Bulls and are synchronized A-I Bred and ultra-sounded. They have had pre-breed shots in the Spring and were boosted in the Fall and will have one round of guardian in them. By sale date we will sell them in calving date groups; Gate Cut 5 or more.

More information will be available sale week.
